Real-time	WebRTC, WebSockets, Socket.IO
Native	Method Channels (Kotlin / Swift)
Backend	Laravel (PHP), REST APIs, MySQL, Node.js (collaboration)
DevOps	GitHub Actions, CI/CD, Fastlane, Firebase Distribution
Cloud	Firebase, Docker (Basic), Postman, Jira, Figma
Payments	Stripe, Payment Gateway Integration
Maps	Google Maps API, Real-time Location Tracking
Open Source	7 verified packages on pub.dev — swiftflutter.com

PROFESSIONAL EXPERIENCE

Cyberpoint Pvt Ltd
Apr 2025 – Present

Tech Lead & Senior Flutter Engineer Delhi, India

- Promoted to Tech Lead within 3 months — fastest promotion based on performance impact.
- Lead 10 engineers delivering enterprise-grade Flutter applications across multiple product lines.
- Reduced release cycle time by 25% by designing and implementing CI/CD pipelines with GitHub Actions.
- Migrated legacy Java applications to Flutter, improving performance by 40%.
- Reduced API latency by 30% through collaboration with Node.js backend teams on optimization.
- Mentored 3 junior developers in Clean Architecture, BLoC/Cubit, and scalable state management.

Godwit Softwares Pvt Ltd
Jul 2023 – Apr 2025

Senior Flutter Developer Delhi, India

- Architected and delivered 4+ scalable ed-tech apps serving 20K+ active users.
- Built Quantum Life video editing app (50K+ downloads) integrating FFmpeg for advanced media processing.
- Reduced production bugs by 20% through structured code reviews and enforced coding standards.
- Designed Firebase analytics-driven systems to optimize user engagement across app lifecycle.

Amaron Software
Jun 2020 – Jul 2023

Flutter Developer Delhi, India

- Built General Takaful (Qatar) — motor insurance app with 100K+ users and 4.8★ Play Store rating.
- Reduced insurance claim processing time by 60% through backend automation and workflow optimization.

- Automated App Store & Play Store deployments via Fastlane, cutting release time from 8h to 45 min.
- Integrated Stripe payments & Google Maps real-time tracking across multiple production apps.
- Implemented Google Maps API for Puncture Wala, increasing user engagement by 50%.

OPEN SOURCE — PUB.DEV (SWIFTFLUTTER.COM)

Package	Description	Stats
swift_animations	SwiftUI-like declarative animations — zero boilerplate, no controllers	*37 likes · 160 pts*
screen_launch_by_notfication	Detect notification/deep-link launches with automatic routing support	*30 likes · 140 pts*
swift_flutter	Reactive state management with automatic dependency tracking	*15 likes · 152 DLs*
swift_notifications	Unified rich push & local notifications — no native code required	*Android/iOS/macOS*
swift_liquid	iOS-style fluid animations with spring physics & drag gestures	*Liquid UI effects*
flutter_camera_textdetector	Partial-region OCR wrapper over Google ML Kit text recognition	*Android / iOS*
openapp_by_package	Open any installed app by package name — utility plugin	*Android / iOS*

SELECTED PROJECT HIGHLIGHTS

Project	Tech Stack	Description & Impact
General Takaful	Flutter, Laravel, Stripe	*Qatar motor insurance app — 100K+ users · 4.8★*
DEEESHA	Flutter, PHP, Laravel	*Fintech platform — 100K+ downloads*
Quantum Life	Flutter, FFmpeg, PHP	*Video editing platform — 50K+ downloads*
Cotgin Edu	Flutter, Firebase, Laravel	*E-learning platform — 20K+ learners*
Medical Abbreviations	Java, Firebase	*Medical reference app — 100K+ downloads · 4.4★*
ETF Junction	Flutter, Laravel, WebSocket	*Live US market ETF trading app*
Advor Consultation	Flutter, Firebase	*Expert consultation & advisory platform*
Nefa Cabs	Flutter, Google Maps	*Ride booking with real-time tracking & payments*
Minesweeper Game	Flutter	*Customizable mobile game with intuitive UI*
Miami Events	Flutter, Firebase	*Event listing & seat booking with real-time updates*
